

Groups of Devices Vacuum Lifting Devices

Type Description	Description	Group of Device
Frame	Carrying Frames without Vacuum Generation	7000
Kombi	Carrying Frames with <ul style="list-style-type: none"> mains-operated, electrical vacuum pump 	7001
Vacuum Unit	mains-operated, electric Vacuum Unit	7002
Frame	Carrying Frames with <ul style="list-style-type: none"> hand-operated vacuum pump 	7004
Venturi device	Carrying Frames with <ul style="list-style-type: none"> Compressed air-operated vacuum pump (venturi jet) 	7005
Accu (Rechargeable Battery) Device Kombi	Carrying Frames with <ul style="list-style-type: none"> mains-independent, electrical (battery-operated) vacuum pump 	7011
Accu (Rechargeable Battery) Vacuum Unit	mains-independent, electric (rechargeable battery-operated) Vacuum Unit	7012
Manipulation device	Carrying Frames with <ul style="list-style-type: none"> mains-operated, electrical vacuum pump and pneumatic drive 	7021
Manipulation Device	Carrying Frames with <ul style="list-style-type: none"> compressed air-operated vacuum pump (venturi jet) and pneumatic drive 	7025
Kombi	Carrying Frames with <ul style="list-style-type: none"> mains-operated, electrical vacuum pump and electrical drive 	7031

**Groups of Devices
Vacuum Lifting Devices**

Type Description	Description	Group of Device
Manipulation device	Carrying Frames with <ul style="list-style-type: none"> • compressed air-operated vacuum pump and • electrical drive 	7035
Manipulation device	Carrying Frames with <ul style="list-style-type: none"> • mains-independent, electrical (battery-operated) vacuum pump and • pneumatic drive 	7037
Kombi	Carrying Frames with <ul style="list-style-type: none"> • mains-independent, electrical vacuum pump and • electrical drive 	7041
Kombi	Carrying Frame <ul style="list-style-type: none"> • with mains-operated, electrical vacuum pump <i>with 2-circuit-technique for the latest safety standard of the EC</i>	7201
Vacuum Unit	mains-operated, electric Vacuum Unit <i>with 2-circuit-technique for the latest safety standard of the EC</i>	7202
Venturi device	Carrying Frames with <ul style="list-style-type: none"> • Compressed air-operated vacuum pump (venturi jet) <i>with 2-circuit-technique for the latest safety standard of the EC</i>	7205
Accu (Rechargeable Battery) Device Kombi	Carrying Frames with <ul style="list-style-type: none"> • mains-independent, electrical (battery-operated) vacuum pump 	7211
